Pre-K CLASS™ Pre-Training Exercise

This exercise is intended to help you become more familiar with the CLASS™ dimensions. Please complete this exercise after reading through the manual.

Log into the CLASS™ website (www.teachstone.com) using the log-in and password that were e-mailed to you. Watch at least 3 video clips on each dimension. Take notes on the *specific* behaviors you see in the segment that reflect the dimension. We will talk about these during the training. Negative Climate is not included; we will provide examples of these during the training.

Positive Climate
Teacher Sensitivity
Regard for Student Perspectives
Behavior Management
Productivity
Concept Development
Instructional Learning Formats

Quality of Feedback
Language Modeling
